Turn Your Phone On/Off:

1. To turn on your phone, press and hold the power/home key.
(You might need to unlock the side lock key.) The phone may take several seconds to turn on.
2. To turn off your phone, press and hold the power/home key.

View Your Phone Number:

Open the main menu and touch Settings > General > Phone Info

Place and Receive Calls:

Place a Call:

Open the slider, enter a phone number, and touch Call.

Receive a Call:

When your phone rings and/or vibrates, touch Answer.

Note: If the side lock key is locked (up), you can open the slider to answer your phone. If you have a Bluetooth® headset connected, you can touch Answer with Bluetooth or Answer.

Tip: Can't talk right now? Touch Ignore or just press the side volume key down to silence the ringer.

Check Minutes of Use:

Check your current minutes of use.

1. Dial #668 (MOU) within your local area
2. Press the Send Key

Tip: This call is free from your wireless phone.

Setup Voicemail:

1. Make sure your phone is turned on and that you are in a coverage area
2. Press and hold 1 to dial your wireless provider's voicemail
3. Follow the prompts to set up your voicemail

Change Your Phone's Battery:

Insert Battery:

Press down on the back cover at the bottom and slide the cover up to remove. Insert battery so that the contacts on the phone and battery are touching.

Remove Battery:

Press down on the back cover at the bottom and slide the cover up to remove. Remove the battery by lifting the top from the phone and remove.

1. Touch Screen Navigation
2. Power/Home Key
3. Volume Keys
4. Side Lock Switch
5. Shortcut Key (Camera or Voice Recognition)

Install a Memory Card:

1. Remove the battery door.
2. Open the memory card door hatch.
3. With the gold contacts down, put the memory card into the slot and slide it into place.
4. Replace the battery door.

Caution: Do not remove your memory card while your phone is writing files to it.

Pair With Another Bluetooth Device:

Before you try to connect your phone with another Bluetooth device, make sure the other device is in pairing or bonding mode (see the user's guide for the device). You can connect your phone with only one device at a time.

Find it:

1. On the Bluetooth screen, touch the circle on the switch to turn Bluetooth power on. Your phone begins searching for devices near you.
2. When you see the device you want, touch it.

Tip: When Bluetooth power is on, your phone can automatically connect to a handsfree device you have used before. Just turn on the device or move it near the phone.
